

Mother Of Girl Shot By Police Asks 5 Million

DETROIT (AP) — The mother of slain Negro Cynthia Scott filed a \$5 million suit Monday against the city of Detroit and the policeman who shot Miss Scott.

Mrs. Lillian Scott's suit accused patrolman Theodore Spicher of acting "with evil and criminal design...not in pursuance of any lawful end, but with the evident assurance that he could escape punishment by reason of his office as a policeman."

Spicher said he shot Miss Scott when she slashed him while he was attempting to arrest her on a soliciting charge July 5.

Mrs. Scott's suit contended that Spicher "illegally and officiously accosted" Cynthia, 24, and shot her "three times in the back."

Warrant Denied

Meanwhile, Circuit Judge Edward S. Piggins refused to issue a "citizen's warrant" for first-degree murder against Spicher. Milton Henry, attorney for the group on Advanced Leadership, had asked for the warrant.

Judge Piggins said he denied the request because Recorder's Court Judge Elvin L. Davenport has not acted on Henry's request for a similar warrant.

Davenport said Saturday he could not act on the request until Henry had exhausted "all legal remedies" in the case.

Spicher was exonerated in the shooting by Wayne County Prosecutor Samuel Olsen.

Police said Miss Scott had been convicted a number of times for prostitution.

Lt. Gov. T. John Lesinski said today he would want "a complete study" before acting on a request that the state's investigation of the fatal shooting.

Lesinski Acting

Among other things, said Lesinski, he would want to consider the advice of Atty. Gen. Frank Kelley, whose office is handling the investigation.

The request came to the attention of Lesinski in his role as acting governor during the absence of Gov. George Romney, who is attending the 55th annual Governor's Conference in Miami Beach, Fla.

In a letter to Romney, Monday, Sen. Basil Brown, D., Detroit, said the "full resources" of state police — including their crime detection facilities and the polygraph (lie detector) — should be offered to Kelley.

Negro lawmakers and a Detroit Negro group asked Kelley's office to request a warrant for Spicher, claiming Olsen's investigation of the case was perfunctory and inadequate.

Flames and smoke thunder in a 200-foot geysir above a test stand at Coyote, Calif., during the firing of the most powerful solid fuel rocket ever ignited by man. United Technology Center said its rocket developed a peak thrust of one million pounds. Two 75-foot rockets like this will make up the first stage of the Titan III-C space booster. The awesome picture was taken from a Navy helicopter hovering one mile away. (AP Wirephoto)

Oilmen Like Plan On Freeway Signs

LANSING (AP) — Michigan oil industry spokesmen have praised Highway Commissioner John Mackie for his suggestion that state policy on freeway signs be evaluated by a special committee of the Michigan Good Roads Federation.

"We welcome an open discussion of our criticisms and of the state's sign policies, because we believe Michigan will not have a wholly effective highway system until we provide maximum help to the motorist," said William Palmer, executive director of the Associated Petroleum Industries of Michigan (APIIM).

Mackie proposed last week that the Good Roads Federation name a committee to consider whether the present policy on gas, food and lodging signs is working as well as it might.

The highway commissioner noted that the APIIM had sharply criticized the sign policy, claiming signs did not fully inform motorists of services available near freeway interchanges.

Gardner Martin, president of the Good Roads Federation — an organization of groups and individuals concerned with highways — said Mackie's suggestion will be considered.

There is a chance, he said, the proposal will be discussed Thursday when the Good Roads Federation's board of directors meets.

Palmer said the petroleum industry has no fixed position on what should be done about the signs but added:

"We simply know that the present system isn't working, either from the standpoint of the motorist or the roadside businessman."

Palmer also said the APIIM has no fixed position on the question of putting name brands of gasoline on roadside signs, a point over which Mackie had expressed concern.

State policy, based on federal restrictions for interstate highways, has been to erect "gas" signs where there is a 24-hour station within a mile of the interchange.

Signs denoting food and lodging are erected where these services are available within three miles of the interchange, with no time limits.

"I'm no prude," says the mayor, "but I honestly don't think I could do it. Anyway, that's in the country. Why don't they try the supervisors?"

"Well," said Sloan P. McCormick, chairman of the Board of Supervisors, "I'd have to say I have no plans to attend. Anyway, that's (Supervisor Norman S.) Foley's district. Why don't they try him?"

"Could I welcome them in absentia?" asked Foley.

Chairman of the convention, Howard Lane, commented: "We have run into his kind of problem before. Civic leaders are just too sensitive. It appears the convention will have to go on without them."

But as Lane pointed out, the annual meeting of the Western Sunbathing Association never has been honored by the presence of civic leaders.

Lane said: "It seems they're never completely capable of getting into the swing of things. You know, always telling you to keep your shirt on."

This year's fleshy frolic will open Friday at the Calypso Grove nudist camp, north of Clovis. More than 1,000 delegates from California, Arizona, Nevada, Utah and New Mexico will attend.

Congress Takes Up Plan To Settle Railway Dispute

Exiles Map New Invasion Blows At Fidel Castro

MIAMI, Fla. (AP)—New exile thrusts against Fidel Castro appeared in the making today as invasion veterans and commandos prepared to move to Central American bases.

The development came as the U.S. government remained adamant in its stand barring assaults from American territory.

Dr. Manuel Artime was reported in Nicaragua, jumping-off place for the disastrous 1961 Cuba invasion which he led. He was reported conferring with Nicaraguan President Rene Schick and ex-President Luis Somoza, both outspoken foes of Fidel Castro.

Artime, secretary general of Revolutionary Recovery Movement, one of the largest anti-Castro groups here, said before his Miami departure, "We are leaving the United States to establish a base in Central America."

"In much less than one year we'll be fighting inside Cuba," added the 34-year-old physician-revolutionary who once fought the Fulgencio Batista regime alongside Castro.

Currently training with the U.S. Army in Ft. Benning, Ga., and expected back in Miami soon are Jose and Roberto San Roman and Ernesto Oliva, military commanders of the Bay of Pigs invasion. There are persistent reports among exile leaders that they will join the Artime movement.

Flint Will Vote On Income Tax

FLINT (AP) — The city commission will ask Flint voters Nov. 12 to approve a one per cent income tax—in return for a three-mill property tax cut.

Aiming to raise \$3 million for city employ pay raises and an east-west freeway, the city commission voted unanimously Monday night to put the tax proposal on a special election ballot.

It asked the city attorney to prepare a resolution of intent to provide the three-mill property tax cut if the income tax passes.

An income tax proposal of unspecified amount was rejected in June by voters, many of whom said it amounted to giving the commission a blank check.

The new measure specifies one per cent and provides for voter review of the tax after three years, and every four years thereafter.

The commission had given a first reading to a one-half per cent income tax proposal, but Monday night it tabled a second reading of the measure, killing it.

Relations Strained

OTTAWA (AP)—A 10-member commission will spend the next year studying ways to ease the strained relations between French-speaking and English-speaking Canadians.

Prime Minister Lester B. Pearson announced the inquiry Monday.

Work On Nuclear Test Ban Treaty Completed Today

MOSCOW (AP) — The Soviet Union, Britain and the United States apparently completed work today on a treaty banning nuclear tests in the air, outer space and under water. They may initial it Wednesday.

All the experts walked out of the Sprudnovka Palace in mid-afternoon and were reported to have completed their work on the treaty.

The delegation chiefs—U.S. Undersecretary of State W. Averell Harriman, Lord Hailsham of Britain and Soviet Foreign Minister Andrei A. Gromyko—lingered a while to discuss other matters on which the Russians are seeking action at this time.

These include primarily a non-aggression agreement between the North Atlantic Treaty Organization and the Communist Warsaw Pact powers. There were strong indications that even this hurdle had been surmounted.

U.S., British and Soviet negotiators worked overtime Monday to prepare the test ban accord for initialing this week. Only a few words reportedly remained to be agreed upon.

Unless Khrushchev insists on a package deal, the three powers should complete the test ban treaty today or Wednesday, Western sources said. The chief U.S. negotiator, W. Averell Harriman, has no authority to negotiate a nonaggression pact.

Senate OK Required
President Kennedy was reported considering an attempt to drum up congressional support for the test ban agreement by sending leading members of Congress to Moscow for the signing.

The unpolished ban on nuclear tests in the atmosphere, in space and under water must win Senate approval by at least a two-thirds majority if it is to become binding on the United States.

White House press secretary Pierre Salinger declined comment on the reported plan to send a congressional delegation to Moscow.

Arlene Francis Sued For Million In Fatal Accident

NEW YORK (AP)—Actress Arlene Francis has been sued for \$1 million by a Brooklyn man whose wife was killed in an auto accident.

The suit, filed in State Supreme Court Monday by Joseph Arcos, 34, charged negligence. Mrs. Rose Arcos, 34, died in the May 26 collision on Long Island, Arcos and three others in his car were injured.

Miss Francis suffered a broken collar bone, a minor concussion and cuts and bruises.

Moslems In Riot

PARIS (AP) — A cafe quarrel between Moslems and African Negroes turned into a riot Monday night. At least 15 persons were injured, three seriously, police reported.

The XV-4A Hummingbird, a research vertical takeoff and landing aircraft, conducts a hover flight test at Marietta, Ga. The twin turbo-jet aircraft is designed to take off and land like a helicopter yet can attain forward speeds of up to 500 miles an hour. (AP Wirephoto)

Union Will Appeal Firing Of Guard In Prison Escape

LANSING (AP) — The Michigan State Employees Union said Monday it will appeal the firing of Elmer McClain, one of two guards charged with negligence in the recent four-man escape from the Southern Michigan Prison at Jackson.

McClain, 59, of Hanover, and Lynwood Miller, 27, of Munith, were turned down last week, in an appeal for reinstatement, by a State Civil Service hearing board. McClain's appeal will be filed with the State Civil Service Commission upon receipt of the hearing board's written decision, a union spokesman said. Miller is not represented by the union.

Soviets Still Want Red China In U. N.

GENEVA (AP) — The Soviet Union still wants Red China in the United Nations despite the Moscow-Peking split over Communist ideology.

Soviet delegate Anatoli Arkadiev told the annual meeting of the U.N. Economic and Social Council Monday: "A revision of the U.N. charter cannot be carried out without restoring the right of the People's Republic of China, which must occupy its legitimate seat in the Security Council."

Republicans Want Governors To Act On Civil Rights

MIAMI BEACH, Fla. (AP) — Republicans wheeled up their guns today for a probably futile news offensive to force some kind of civil rights action by the Democratic-dominated 55th annual Governors' Conference.

Governors of both parties planned two hours of talk at an afternoon session, under strict time limitations, to the issue. But there would be little opportunity for any effective action under the rules.

Repulsed in their initial efforts Monday by an all-but-solid Democratic majority, GOP members led by Govs. Nelson A. Rockefeller of New York and Mark O. Hatfield of Oregon worked out strategy to inject the issue into an attack on President Kennedy's welfare legislative program.

A committee headed by Democratic Gov. Richard J. Hughes of New Jersey lays before the conference Wednesday a report approving in glowing terms Kennedy's proposals for a domestic peace corps, a youth employment act, new mental health legislation and his highly controversial program of health care for the elderly, financed through Social Security.

Hatfield, committee vice chairman, is expected to counter this move with a minority report laced with civil rights declarations. It would take issue with some of the Democratic majority's views.

The Republicans believe they have a chance of forcing a conference showdown that would put divided Democrats in the embarrassing position of having to vote.

A previous test, in which the Democrats rolled over the Republican opposition 33-16, abolished the conference resolution committee. While civil rights proposals died along with others, it was not officially a ballot on the issue.

Johnson Speech Awaited
Democratic Gov. Albert D. Rosellini of Washington, conference chairman, said in a statement the action would not "gag" the organization, as the Republicans had charged. He said other committees can continue to report as in the past.

The Republican rub was that there was no committee studying the civil rights matter, as such. Democratic governors looked to Vice President Lyndon B. Johnson to help them counter GOP charges that they were avoiding any conference action on civil rights.

As principal speaker for the formal state dinner tonight, Johnson was expected to bring direct from the White House a report on Kennedy's efforts to get Congress to approve his program.

Michigan's Gov. George Romney, who wouldn't say if he will become a favorite son candidate for the 1964 Republican presidential election, aligned himself with Rockefeller against Sen. Barry Goldwater, R-Ariz., on civil rights and what the New York governor has called the "radical right" issues.

Romney, who has joined Rockefeller in endorsing President Kennedy's civil rights legislative program, criticized Goldwater's opposition to a provision which would enforce desegregation on businesses serving the public.

Attempt To Swim Biscay Given Up By Detroit Girl

BIARRITZ, France (AP)—Dis-tance swimmer Margaret Revell of Detroit gave up her attempt to swim part of the Bay of Biscay today after battling adverse conditions for 9½ hours.

Miss Revell, 25, was pulled out of the water off Cape Figuer. It was her second attempt to reach Biarritz from San Sebastian, Spain.

She said she would make no more attempts this season.

The slender swimmer, who hoped to be the first woman to make the Bay of Biscay swim, planned to leave for Italy Thursday.

Study Of Rules By ICC Proposed To Avert Strike

WASHINGTON (AP) — Representatives of the nation's railroads announced support today of President Kennedy's proposed legislation aimed at averting a nationwide rail strike.

The 20-member board of directors of the Association of American Railroads voted unanimously in support of both the President's message to Congress and the bill that has been introduced.

The action came as Congress took up the President's emergency plan under which the Interstate Commerce Commission would be given unprecedented authority to pass on the four-year-long dispute over work rules and hold off a strike for at least two years.

Unions Scan Proposal
At the capitol, congressional action appeared cautiously favorable to the President's proposal announced Monday.

Representatives of the five operating unions still are considering the position they will take on the President's plan.

Democratic congressional leaders, in advance of the railroad executives' action, talked the situation over with Kennedy and reported afterward that the prospects for his plan look good.

In talking with newsmen after their weekly White House breakfast, however, the party chiefs steered clear of any predictions that Congress will complete action before 12:01 a.m. Tuesday.

That is the hour at which the carriers have announced they will put controversial new manpower-cutting work rules into effect.

The noncommittal attitude of the Congress leaders on that point strongly indicated that the administration still faces the job of achieving some sort of agreed delay while Congress does its work.

The unions of on-train workers say they will strike the minute the rules are applied.

Speed Promised
Speaker John W. McCormack of Massachusetts said every effort will be made in the House for "as speedy action as possible" on the presidential plan to refer the whole dispute over what the railroads call "featherbedding" to mission for binding judgment that would apply for at least two years.

Sen. Mike Mansfield of Montana, Senate Democratic leader, said hearings on the Kennedy plan will start this afternoon before the Senate Commerce Committee and acting Chairman John D. Pastore, D-R.I., is prepared for night sessions to speed action.

The views stated by the Democratic leaders tended to back up earlier indications of a cautiously favorable attitude in Congress toward the presidential plan.

In effect, Kennedy asked Congress to block the railroads from instituting new rules, which would eliminate thousands of jobs, until they have been studied and approved by the ICC.

Quick Action Required
The rules have been scheduled to go into effect next Monday. The five operating unions have said they will strike the minute they do.

Republican leader Everett M. Dirksen helped put the President's recommendations on the track by joining with Democratic leader Mike Mansfield in sponsoring the legislation in the Senate.

Saying "I do not expect a lot of trouble from this," Dirksen urged swift action, although he added the measure might have to undergo some changes.

Kennedy, too, underscored the need for quick action.

"This dispute," he said, "has reached the point where only prompt and effective congressional action can assure that serious injury to the public will be prevented."

Congressional leaders, nevertheless, were unwilling to predict the legislation would be passed before the Monday midnight deadline.

Showdown Held Up
The railroads have agreed to hold off on the new rules until

Camp Shaw Faces Increased Usage Or Phasing Out

By JEAN WORTH
CHATHAM — The annual 4-H Club Week at Camp Shaw here opened Monday with 180 4-H boys and girls from throughout the Upper Peninsula enrolled.
The camp had a larger enrollment years ago, slumped and has been built up again this year, although not to its old proportions. There's no difficulty about creating a large enrollment; it's merely a matter of setting the minimum age, but the camp is in a state of change that may involve its continuance.
Camp Shaw is named for Robert S. Shaw, late president of Michigan State University, as is Shaw Hall on the MSU campus at East Lansing. Mrs. John Hannah, wife of the current president of MSU, is a daughter of the late Dr. Shaw.
Camp Shaw was created by MSU to serve the 4-H Club youth program in 1938, with a capacity of about 500 boys and girls. It hasn't been getting near that capacity in recent years and the camp plant had deteriorated some, but under the management of Les Latvala there has been considerable sprucing up of the camp grounds, which are in an attractive wooded setting on the west end of the U.P. Farm Experiment Station of MSU here.

Enrollment Down

Camp Shaw is nearing a D-Day on its fate. Not much has been spent in many years on its improvement or change and camping in the United States has changed drastically, even 4-H camping, which has had a big build-up in county camps.

The enrollment of Camp Shaw this week, for instance, is only

National 4-H Club week observance started Monday and was signaled in the Upper Peninsula by the opening of Camp Shaw near Chatham. From left: Mrs. Robert Otravice, Wells, a 4-H leader; Corrine LaMarche, Jean Worth, editor of the Escanaba Daily Press and the evening assembly speaker on the Upper Peninsula; Betty Pepin and Mrs. Ray LaMarche of Danforth, leaders. (MSU Photo)

about equal to that of the Delta and Menominee counties' two-week 4-H camp at John W. Wells State Park, which closed last Saturday. There are county 4-H camps open to club members in all 15 counties of the Upper Peninsula and this is a very popular local program, taking in club members 10 to 14 years of age. Camp Wells had to reject some applications from Delta County 4-H youths because it lacked accommodations for them.

Camp Shaw is an older youth camp, for club members 14 through 21 years of age. It used to take 4-H members from 12 years of age and only those who had won honors in 4-H work, but this year it was opened to all older members.

There are about 50 boys in this year's Camp Shaw roll and the rest are girls and this proportion holds true rather generally in the county 4-H camps, with 30 per cent boys and 70 per cent girls. Baseball is an influence on this disproportion of the sexes, as many boys lose their membership on the team if they miss games by going to camp.

Pay \$9 Weekly

Since the Camp Shaw program started a quarter century ago the percentage of farm youth attending has dropped substantially and the number of city youth increased. Only an estimated one-quarter of the youths at Camp Shaw this week are from farms operated by families whose main dependence for income is on farming. Larry Bradford, Delta County 4-H agent, estimates that the percentage of youth at Camp Wells was about 60 per cent rural and 40 per cent urban and non-farm. He thought the same proportions would prevail at Camp Shaw.

Youths who elect to go to Camp

Shaw without 4-H honors in dress, cattle judging, etc., pay \$9 for the week, those who have won 4-H program honors have part of their camp fee paid from 4-H funds.
The 4-H encampment this week and the conservation camp for teachers sponsored by the Conservation Department in August are the two chief uses of Camp Shaw in the year. MSU Extension is expected to give Camp Shaw new responsibilities and usefulness in the next few years or to phase it out.

A problem is that it would cost a substantial sum to fit the camp for more adult use. Its swayed-back mattresses don't dismay youth, and they always report a wonderful time at Camp Shaw, but adult campers today like to take all the comforts of home along with them to camp and Camp Shaw is not set up for such hosting. Two, it is in a farm and forest setting without a pool or pond or lake for swimming and swimming is a near must for most youth camps today.

The camp program this week offers a busy schedule of instruction for the campers, as well as recreation. There will be field trips and lectures on geology, community development, careers, recreation, social relations, understanding ourselves, citizenship and 4-H specialties like the dress revue, garden judging, dairy judging and achievement interviews.

Self Rule Given

LONDON (AP) — British Honduras, a Central American colony bordering Mexico and Guatemala, will get self rule on Jan. 1.
British and British Honduran leaders agreed on a new constitution Monday.

Mayors Will Pick U.P. Fair Queen

Who will be the fairest of the Fair?
That question will be answered by mayors of three Upper Peninsula cities, who have consented to serve as judges in the 1963 Upper Peninsula State Fair Queen's Contest. They are: Mayor Jack Gingress of Iron Mountain, Mayor Harold Carlson of Manistique and Mayor Frank Stupak of Gladstone.

Talent, personality and beauty will be considered by the judges in selecting the U. P. State Fair queen. Last year's queen was Miss Nancy Johnson of Manistique.

Mrs. Arthur Carlson of Escanaba is the queen's contest director. She said that candidates must register by Aug. 3 and be sponsored by a local committee or organization. The contestants may not be less than 16 nor more than 22 years old, and unmarried.

Queen's Day at the Fair will be Wednesday, Aug. 14, the same day that Gov. Romney will attend.

The 1963 U. P. State Fair queen will be crowned by Miss Kathleen McLaughlin of Ishpeming. Miss McLaughlin will come to the Fair shortly before noon on Wednesday, which is Queen's Day.

She will participate in the program for Gov. Romney and will crown the U. P. Fair queen in front of the grandstand that evening at 8:15.

Bumble Bee, Cat Back, Ali Chuk Son, Chip, Cowlic, Glance, Gripe, Wake-up Wash and Happy Jack are towns in Arizona.

Guardsmen Will Get State Pay At Meeting Tonight

All members of Company E (Bridge) will receive their quarterly drill checks along with part of their state pay, at tonight's training assembly. The unit will also hold regular classes and stand an inspection by the commanding officer, Capt. George C. Anderson.

This will be the last drill this month. In August the bridge company will go into advanced training.

Company E will begin pickup of 12 fully loaded bridge trucks in August. They will be stored at the Gladstone Armory Location. The trucks have 140 feet of new rubber float bridge on them, called an M4-T-bridge.

Lt. Larry V. Suboski, the unit's recruiting officer said that men are needed to train as heavy truck drivers. Men interested in mechanic duties and bridge construction are needed. A bridge company has a wide variety of semi-skilled openings for this year's seniors and veterans, said Lt. Suboski.

Briefly Told

The Escanaba Aquanauts water ski club will meet at the John Lemmer School at 7:30 p.m. Wednesday and all members are urged to attend.

Chairman D. S. Helms has announced a workbee at the Delta County Sportsmen's Club beginning at 6:30 Wednesday evening to complete the Bill Elliott memorial. Hand tools will be needed.

The Mineral Queen Lodge will meet at 8 p.m. today in the Eagles Clubrooms.

JAMES G. WARD Jr., Associate Publisher JEAN WORTH, Editor

Ideas On Conservation

At its recent state convention in Iron River the Michigan United Conservation Clubs honored Congressman John Dingell for outstanding record as a legislator in the cause of conservation, and the editor of the Escanaba Daily Press for outstanding service to the cause of conservation in the field of journalism.

The award impressed the editor with the fairness of MUCC, since it sometimes finds itself with odds at his thinking on wilderness areas and other conservation issues and his editorial opinion appears to have had little impact on the Upper Peninsula conservation clubs affiliated with MUCC, or with county boards of supervisors, which tend to hearken much more to their deer hunting members than to the Conservation Department's game specialists.

MUCC seems to think that the editor has value as a starter cartridge even though many of its members think that he should be fitted into a cuckoo clock. No professional conservationist and a casual hunter and outdoorsman like most members of the MUCC, the editor has acquired beliefs that often run counter to those of most hunters. Why?

Most importantly because editors approach comment upon conservation in a different way than most hunters. The hunter gets his impression of the subject mostly by personal observation and from conversation with other hunters. If he doesn't shoot a deer where there were lots of them two years ago he wants to change that situation pronto. It makes good sense to him that the hunting rules killed them off or they'd be there. Paradoxically he has become a great protectionist of wildlife, and a mistaken one, say many wildlife biologists, who insist that it's impossible to stockpile game.

The editor approaches comment on conservation in a framework of the hunter's reaction, and that of the conservation officials and especially today of the knowledge explosion. Hunters acknowledge these other elements, of course, but not averagely in the same proportions as public commentators. The exposed position of the commentator affects his comment as that of the private reactor isn't affected.

The editor finds it difficult to understand all the complexities of life on which he attempts comment. In his dilemma he turns to expert opinion for counsel. Actually, this is an increasingly commonplace way to cope with modern complexity—industries, universities, governments all employ experts who have special knowledge that enables them to understand some little pantry of science. These experts often speak an experts' lingo of scientificese that isn't understood by the layman.

The layman doesn't understand his surgeon's shop talk, either, but he can't very well take out his own appendix so he just puts up with it. But deer hunting is another matter. The voters have much more influence on the Legislature than the Conservation Department and they can veto all the suggestions of the scientists for wildlife controls if it pleases them to do so and in the exercise of their sovereignty it often pleases them to do so.

Then comes the press to suggest that just because we do not have as much knowledge of predators, deer genetics, sylvan ecology or lebensraum as the wildlife specialists we should not throw their suggestions into the ash can. We've been doing quite a bit of this. It is an example of what C. P. Snow calls the great current problem of creating a common language for our cultural and our scientific worlds. For persistent urging that science be given a hearing MUCC gave a citation.

The field under discussion is conservation, but the problem is a general one. What soldier understands the process which produces nuclear arms? How many TV viewers understand the process that brings the picture?

Doubts About Goldwater

Underneath all the obviously genuine Republican clamor for Senator Barry Goldwater as a presidential candidate, a hard fact remains unchanged: Party leaders in the big industrial states continue to shy away from him on grounds he can't be elected.

At the moment these leaders have no candidate. New York Governor Nelson Rockefeller's evidently sagging fortunes depress them. They think Michigan's Governor Romney is too "irregular" a Republican, and Pennsylvania's Governor Scranton too little known.

These latter conditions presumably could change. Romney might begin making more regular party sounds. If there was a turn toward William Scranton, the party's publicity machinery might do a surprisingly fast buildup.

One veteran Republican professional believes the only way Goldwater can win the big state leaders — and most of their delegate votes at the San Francisco convention — is to run up a few smashing scores in the 1964 presidential primaries.

This, it is argued, would clearly established his national vote-getting powers to the satisfaction of even the most skeptical big state leader.

Goldwater's presently avowed backers in the draft movement favor his entry in several carefully chosen primaries, though they are not yet saying which ones. With Rockefeller's current decline, they face the primary hurdles with much more confidence than earlier.

Edson In Washington

By PETER EDSON

WASHINGTON—(NEA) — In the U. S. Constitution and the power of the U. S. Declaration of Independence in the new nations of the world are little appreciated. Eloquent testimony on this point has just been given by Tanganyika's President Julius K. Nyerere.

"We have taken our stand on what is one of the most inspiring documents of all time—the preamble to the American Constitution," he declared on his arrival here for visit to the U. S. "It says, 'All men are created equal and are endowed by their creator with certain inalienable rights'."

Actually, this is a paraphrase from the Declaration of Independence, but the man made his point.

The president's short talk was principally a defense of the new Organization of African Unity declaration against racial policies of South Africa. So it was natural that the first question asked him was what United States policy should be toward that country.

He ducked, claiming an answer would be interference in American foreign affairs. But in reference to his remarks on the U. S. Constitution he proposed that, "The United States should support freedom movements wherever they are found."

He is surprising little man. Forty years old, he is descended from tribal chiefs. But he was educated in a Catholic college in Uganda, did graduate work in economics and political science at University of Edinburgh. He gave up teaching for politics only a few years ago and received an honorary LL.D. from Duquesne University.

The Doctor Says:

Low Blood Not Always Serious

By Dr. Wayne G. Brandstadt, M.D.

Q—I feel tired and ache all over. My doctor said my blood pressure was very low. Is this serious?

A—Low blood pressure is hard to define because any level of pressure that is high enough to keep your blood circulating when you are up and about is not too low. Many of the best athletes have blood pressures far below the average. No one ever died of chronic low blood pressure. (The sudden lowering of blood pressure known as shock is a different matter.) In fact, persons whose blood pressure is below average generally live longer than those who have higher blood pressures.

There is, however, a condition known as orthostatic low blood pressure in which a person who gets up too quickly from a prone position blacks out or feels very faint. When this happens one should sit down or lie down then get up slowly. This is frequently seen in persons who have been in bed several days because of an illness.

Most persons with low blood pressure require no treatment. But, if your doctor thinks your low blood pressure is causing your symptoms, he may want to give you angiotensin (formerly called angiotonin).

Q—Must the heart action have been stopped for an hour before a person can be officially pronounced dead?

A—This would depend on the circumstances. If a person had been ill for a long time and death was expected, a doctor would listen with his stethoscope to the patient's chest for signs of heart action and would also determine

in Pittsburgh when he was here as Tanganyika's foreign minister two years ago.

He speaks precise English with a clipped British accent acquired when Tanganyika was a crown colony. He has a ready smile and a little Charlie Chaplin mustache that is deceptive. He has a quick wit and is representative of the new breed of African leaders at their best.

In a question-and-answer session after his talk at the National Press Club, Nyerere was asked, "If the United States solves its own racial problems, will its position be more acceptable in the cold war?"

"Morality is morality," he replied quickly. "The framers of the American Declaration of Independence did not have the cold war in mind. I hope your color problem here is looked at from the moral standpoint and not from the viewpoint of the cold war."

"We would like to see a United States of Africa," he said in reply to another question. "You can't think of 'federation' without thinking of the United States of America."

Nyerere thinks he will see this federation in his lifetime. He sees nothing to prevent it.

Who would head such a federation? "We do not know," he says, "but the hopes of some will not be fulfilled."

Since Israel is now giving technical assistance to Tanganyika, Nyerere was asked if this undermined the idea of African unity? "Some of our friends are not our friends," he replied cryptically, "but we do not allow even our friends to pick our enemies for us."

These last two replies were taken by some reporters to be veiled

whether or not the patient were breathing. If there were no signs of breathing or heart action the patient could be pronounced dead at once.

On the other hand if a person has apparently drowned or been knocked unconscious by an electric current or a blow on the head and stops breathing, artificial respiration should be continued for at least an hour before the victim is pronounced dead.

Q—What is von Recklinghausen's disease? Is it curable?

A—Von Recklinghausen's disease is a hereditary condition in which spots of increased skin pigmentation are found, especially on the torso. The chief feature of the disease is the large number of tumors that appear to be in the skin but are really tumors of the nerve endings just beneath the skin. These may occur anywhere but are most abundant on the trunk.

They are usually soft, vary in size, and, with rare exceptions, are painless. Although the condition is hereditary, the disease does not usually make its appearance until late in life. The condition is really not a disease as it does not affect the general health. There is no treatment except for removal of those tumors that become so large that they cause pressure or discomfort.

Please send your questions and comments to Dr. Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

Memory Lane

By J. R. LOWELL
Ten Years Ago

The Presbyterian church at Manistique, of which the Rev. Paul Sobel is pastor, has launched a drive to secure funds to make a substantial addition to the edifice's east end.

Rain following yesterday's high of 83 degrees, was followed by a sharp drop in temperature. The local low was 45, but it must have been much lower than that in the Munising vicinity where a slight flurry of snow was reported.

Mrs. Eva Gabourie, 76, of 932 N. 18th St., a resident of Escanaba since she was a child, died today.

Twenty Years Ago

Leo Coan, a former Daily Press reporter, has a news story in today's Daily Press. It is dated from "Somewhere in India."

Frank Driedric, Loretto school principal, has been appointed Schoolcraft county sanitarian. Organization of a bus line to ply between Escanaba and Manistique is announced.

Thirty Years Ago

Dr. William A. LeMire is opening up offices in the 1100 block on Ludington St. He recently returned from Flint, where he completed his internship at Hurley Hospital.

The State Liquor Commission at Lansing today granted a temporary permit to resume operations at the Delta Brewing Co. plant in Escanaba.

Robert Bartella and Arthur Olson of Escanaba, student musicians at Camp Interlochen, were given high honors in the tryouts for the all-Michigan Band.

Questions And Answers

Q—Which federal department with cabinet status has the smallest number of employees?

A—The Department of Labor with approximately 8,500 employees.

Q—What is the longest muscle in a person's body?

A—The sartorius which runs obliquely from the hip to the knee. It assists in rotating the leg.

Q—What colleges form the Ivy League?

A—Cornell, Harvard, Yale, Princeton, Brown, Colgate, Dartmouth, and the University of Pennsylvania.

Q—How old is the game of bowling?

A—It is believed to have originated some 7,000 years ago in Egypt.

Q—What role did Princeton's Nassau Hall play in early American history?

A—Rich in history, the structure once sheltered the nation's new Congress, and both British and American Revolutionary troops occupied it.

BARBS

If you really have eight hours' work, eight hours' play and eight hours' sleep you don't have a television set.

With today's prices, what do you have left to take with you, if you could?

Now is the time for summer brides and wedding showers when all of the friends get soaked.

It's safer to play on the golf course with a dub when he finally gets the swing of the game.

John B. Nasser Dies At Wilson

John B. Nasser, 62, a well known Delta and Menominee County resident, died suddenly Monday evening at his home at Rte. 1, Wilson.

Mr. Nasser was born Aug. 18, 1900 in Kewaunee, Wis. and had been a salesman for the International Harvester Co. for 27 years. He resided in Escanaba and Beloit, Wis., before coming to Wilson in 1939. He married the former Clara Lichtenberg December 1921. He was a member of Grace Lutheran Church in Powers.

Besides his wife he is survived by one son, David, of Powers; two daughters, Mrs. Thomas (Laila) Nolan, Appleton, Wis. and Mrs. Richard (Gretchen) Turri, Condon, N.Y.; five grandchildren; one brother, George, Albuquerque, N.M.; and four sisters, Miss Emma Nasser, Mrs. Arnold Dahlke, Kewaunee, Wis., Mrs. Frank Roubal, Green Bay and Mrs. Herbert Herman, Oconomowoc, Wis.

Friends may call at the Boyle Funeral Home in Bark River after 2 p.m. Wednesday. The body will be taken to the Grace Lutheran Church in Powers at 1 p.m. Thursday where funeral services will be conducted at 2 p.m. by Rev. Philip Kuckhahn. Burial will be in the Spalding Township Cemetery.

Weather scientists say that at any given moment some 1,800 thunderstorms are occurring somewhere in the world.

Floyd Patterson, at the age of 21 became the world's youngest heavyweight boxing champion.

Alger Soil Unit Holds 4th Annual Meeting Saturday

The Alger Soil Conservation District will hold its 4th annual meeting at 8 p. m., in Chatham Town Hall, Chatham Saturday, July 27.

During the life of the Alger District, which began on Aug. 10, 1959, over 160 landowners have applied for technical advice and counseling. Paul Smith of Trenary is chairman and other members are Robert H. Smith, Chatham, vice chairman; Edgar Williams, Trenary, treasurer; Walter Maki, Eben Junction, and Henry Schierschmidt, Munising, directors. John P. Campana, Alger County Extension agent, is secretary, and Donald Pellegrini, U. S. Soil Conservation Service, Chatham, is technician.

Terms of Paul Smith and Robert H. Smith are expiring and nominated to serve in their places are Robert H. Smith and John R. Anderson, Chatham; and Joe Ostenson and Toivo Niemi, Trenary.

Elmer Kangas, work unit conservationist for the Ontonagon District, will speak on Finland.

All landowners and their families are invited.

Soo Line Changes Deficit To Profit

The Soo Line Railroad had net income of \$242,805 for June, compared with \$172,902 in June, 1962.

For the second quarter ended June 30 it had net income of \$1,257,839, compared with \$320,169 a year ago, and for the first half of 1962 net income of \$1,225,179 instead of a \$927,217 deficit a year ago.

Teacher Named Polio Worker

Robert O. Cook

NEW YORK — Robert O. Cook has been appointed state representative for the National Foundation—March of Dimes in Northern Michigan. Basil O'Connor, president, announces.

Cook will work with volunteer members of the 30 National Foundation chapters in Northern Michigan, and assist in carrying out the voluntary health organization's total medical program for victims of birth defects and arthritis. He will help inform the public of the research and professional education programs supported by the National Foundation.

Cook will also join in assisting polio patients and will lead efforts to encourage maximum vaccination among people of all ages in this area. In addition, he will work with volunteers in conducting the annual March of Dimes in January.

A native of Grand Rapids, Cook is a graduate of Michigan State University. He served in the U. S. Coast Guard for two years. Prior to joining the staff of the National Foundation he taught high school in Flint.

The Michigan state office of the National Foundation is at First National Bank Bldg., 101 W. Washington St., Marquette.

LONG WAIT

PINE, ARIZ. (AP) — Justice of the Peace Isaac Hunt decided it was time to ask the County Board of Supervisors for a pay raise.

Hunt said he hasn't had a pay hike since he took the justice job in this northern Arizona community. That was 25 years ago.

Newberry

Personals

Mr. and Mrs. Mel Gross of Milwaukee are visitors at the home of Mr. and Mrs. Lee Lewis.

Mrs. Samuel Novak of Provo, Utah, was a visitor at the home of Mrs. Ellen Dennis on Thursday. Mrs. Novak is the former Florence Gauthier, and a 1919 graduate of the Newberry State Hospital training school for nurses. After being here several hours, Mrs. Novak continued to Marquette to visit her parents.

Members of the local Toastmaster's Club President Edwin Lindquist, Harold Rappe, George Moulder and Willard Smith, met Monday evening at the home of Robert Orr in Manistique, for the purpose of aiding the Manistique group to organize a Toastmaster's Club there. Anyone interested in joining such a group should contact Robert Orr.

James Campbell, 18, of Newberry was given a summons by State Police for violation of the basic speed law, driving too fast for conditions, on the Natalie Road Sunday. Campbell was headed east on the Natalie Road while Charles Villeneuve, 29, of Newberry was traveling west. Campbell struck Villeneuve's car head on.

The following persons were given tickets for traffic violations, Richard Hill, Detroit, excessive speed and having an expired chauffeur's license, Orley Rode, Green Bay, Wis., defective muffler; George Kelly, Curtis, no operator's license.

Sunday, July 28, there will be an Elk's picnic at the Luce County Park, with boat races, pony rides for children, and food available on the grounds.

Mrs. Erva Hill of the staff at the Tahquamenon Hospital is vacationing for two weeks, having left Monday to visit a sister in Munising.

Registrations for the two boys sessions at the Marquette Diocese summer camp near Watersmeet, Mich., are now being taken July 28 to Aug. 7, for boys from 11-16, Aug. 11 to 21, for boys 7 to 11.

Lightning hit some tree stumps in a back field during Sunday's storm at 5:30 p.m. on the Dollarville Road, starting a fire. The Michigan Department of Conservation sent a truck to the scene.

Admissions since Saturday at the Tahquamenon Hospital include George Gokee from the Lakefield Rest Home, Christopher Quinn, Thelma Miller, South Bend, Ind., David Estep, Farmington, Mich., A. G. Benedict, Hulbert, and Andrew Nestor of Birmingham, Mich.

The Sisters who have been taking St. Gregory's Parish census, will be leaving here soon, and would appreciate it, if those who have not been contacted while

Merrill Gibbs and his son, Brian, 13 of Chicago are in Escanaba on vacation — but it took them four days to get here. Brian pedaled his bike and Merrill came along behind on a motor scooter. Mrs. Gibbs and a daughter made the trip in a compact car. They are guests of the Walter Petersons, 711 S. 10th St. (Daily Press Photo)

making house calls, would call at the convent to give the necessary information, so the census might be completed.

Sgt. M. Formolo returned to duty Monday following several days vacation.

Briefly Told

Clarence T. LaForest, 36, was ticketed for violation of the basic speed law here following an accident on County Road 462, when a pick-up truck he was driving went into the ditch and rolled over. A passenger, Gary LaForest, 13, riding in the box of the pick-up was pinned underneath the cab of the truck, he was taken to the Tahquamenon Hospital for observation. LaForest stated he turned his head while driving when he lost control.

Tickets were issued to the following drivers, Louise Elaine Smith, Copemish, Mich., John W. Bayle, Kent, Ohio, Robert Gross, Saline, Joseph Hayden, Ann Arbor for excessive speed, Basil Burns of Gormfask, defective brakes, Carl Wilbert Berry, expired chauffeur's license.

Some of the currents feeding the Gulf Stream surge through the Gulf of Mexico but they hardly mix at all with its waters.

Coffee and bananas lead Guatemala's exports, followed by cotton and chicle gum.

Obituary

MRS. ALICE HAMACHER

Funeral services for Mrs. Alice Hamacher, a former resident of Spalding were held at 9:30 a.m. Monday at St. Francis Xavier Church in Spalding with Rev. Walter Franczek officiating. Burial was in the Spalding Township Cemetery. Serving as pallbearers were Edmund Bouty, Wilfred Grondine, James Harris, Jerry Poupore, Earl Wiessert and Willard Leger.

MRS. AGNES MURRAY

Funeral services for Mrs. Agnes Murray were held today at 9 a.m., at St. Joseph's Church with Rev. Farrell Byers, OFM, officiating. Burial was in Holy Cross Cemetery. Honorary escorts from St. Joseph's Altar Society were Mesdames Merle Gregory, Robert Forton, Frank Beaudry and Edward Finn; escorts from the Daughters of Isabella were Mesdames Mary LaFond, Mary Roy, Anna Taylor and Charles Tolan.

Active pallbearers were Warren Johnston, Mel Oslund, George Poda, Vincent Rappette, George Hirn and William St. Jacques.

ARCHIE RACINE

Funeral services for Archie J. Racine were held at 9:30 a.m. today at St. Anthony's Church in Wells with Rev. Norbert Freiburger officiating. Burial was in Holy Cross Cemetery. Pallbearers were George and Richard Cody, John Bellefeuille, Leonard Mackie, Keith McKnight and Clarence Deiter.

MRS. HERMAN GESSNER

Funeral services for Mrs. Herman Gessner will be conducted by Rabbi Isaac Vander Walde of Green Bay at 9:30 a.m. Wednesday in the Anderson Funeral Home. Burial will be in the family plot in Montefiore Cemetery, Marinette.

"Tai" means "place" in the Chinese language.

State Briefs

WASHINGTON (AP)—Award of a \$4,350,000 contract to the University of Michigan for establishment of a mid-range ballistic missile observatory in Hawaii was announced today through Sen. Daniel Inouye, D-Hawaii. The observatory is to be built on University of Hawaii property on the island of Maui.

PONTIAC (AP)—Glen E. Coffin, 38, of Alma, was injured fatally Monday when his tractor-trailer truck went through a guard rail on the I 75 Freeway north of here and overturned.

MADISON HEIGHTS (AP) — Hours after \$350 was stolen from her, Mrs. Stanley Kwasiborski found an envelope under her screen door with the note: "Can't do this. Forgive me. First time. We scared." Enclosed with the note were seven \$50 bills.

DETROIT (AP) — Michigan members of the Communications Workers of America have voted to ratify a 38-month contract between the union and the Michigan Bell Telephone Co., said Albert Verhaegher, the union's Michigan director. The new contract covers 35 local unions throughout the state and is expected to be a pattern for 750,000 Bell system workers.

GRAND RAPIDS (AP) — Mrs. Edward D. Nugent, mother of three Roman Catholic missionary priests, died Sunday after a brief illness. Besides her husband, Mrs. Nugent is survived by the Rev. Edward D. Nugent of Oconomowoc, Wis., the Rev. James Nugent of Davenport, Iowa, and the Rev. William Nugent, who is stationed in Brazil.

DETROIT (AP) — A Juvenile Court waiver was asked by homicide detectives Monday in order to try a 16-year-old boy as an adult in the fatal stabbing of Aaron Lewis, 18, of Detroit. The youth, whose name was withheld, old detectives he was trying to "scare" Lewis with the knife at a teen party and that Lewis lunged forward and impaled himself. Lewis died in a Detroit hospital Saturday night.

DETROIT (AP)—Roy Parsons, 37, of Detroit was killed Monday when the wall of a 14-foot excavation trench caved in and buried him. Parsons had been working on a sewer project in a subdivision near Northville.

DETROIT (AP) — The board of directors and advisory board of the United Foundation Monday announced that the 1963 Torch Drive goal will be \$19,750,000. This is 4.5 per cent greater than last

Indian Wrestlers Rated No.1 Bores

By HAL BOYLE
NEW YORK (AP)—Jumping to conclusions:

The world's biggest bores are people who want to play Indian hand wrestling after the third drink to show how strong they are. I always want to break their elbows with a hammer.

Life is never quite perfect, no matter how wonderful the food at a banquet is, a fellow can always manage to get some of it stuck in his upper plate.

Nothing is more lonesome than a man setting out after 40 to look for his first real fun in life. He could accurately describe the color beige to me—and yet that is the color women seem to talk about most.

There is nothing more anonymous than a freckle on a crowded beach.

It used to be a sign of a mis-spent youth if a man played too good a game of pool in maturity. The biggest sign of dissipation today is the wearing of dark sunglasses in cocktail lounges.

You're too old to buy a motorcycle if you no longer know a pretty girl willing to ride behind

year's goal. It is \$330,000 less, however, than was actually raised in 1962. The goal is the largest ever set in a community-wide fund-raising campaign anywhere in the world.

DETROIT (AP) — Professional plaza will cover some 15 acres in new name for the \$25 million medical office building complex in the Detroit Medical Center announced earlier this year. The plaza will cover some 15 acres in the 236-acre medical center.

JACKSON (AP)—The body of a man identified as Sterling Boregard, 55, was found Monday in a box car at a New York Central railroad yard here. The cause of death was not determined. Police said Boregard was believed to have been from Tennessee.

LANSING (AP) — Martin O'Toole, 35, has been named assistant maintenance engineer for the State Highway Department's Grand Rapids District, replacing Robert Perry who was transferred to Lansing. O'Toole is a resident of Muskegon.

LANSING (AP) — The balance in the State Treasury slipped \$1.6 million last week as income totaled \$30 million and expenditures hit \$31.6 million. The treasury showed a balance of \$111.9 million at the end of the week.

you on the buddy seat.

For some reason more people are willing to lend money to a near-sighted fellow than to one who has 20-20 vision.

What the average high-priced modern hotel room needs is fewer reproductions of Picasso paintings and more hooks in the closet on which a fellow can hang his trousers.

One of the best health hints I ever heard of is the old proverb, "after dinner nap a while, after supper walk a mile."

Any man who spends more than one day a month betting at a racetrack is (1) a bachelor, (2) has an unhappy home life, or (3) is married to a gambling woman.

A modern wife is no longer completely essential to her husband the day he learns how to operate the electric can opener all by himself.

The most widely spoken foreign language in America is English—and it gets more foreign every year.

An optimist is a guy who opens every letter, shakes it—and waits for a check to fall out.

Some things you have to take on faith. That's why there is so much fine print in the average lease.

Cambridge Asks For Racial Peace

WASHINGTON (AP) — White and Negro leaders from Cambridge, Md., today signed an agreement that Negroes will end racial demonstrations there indefinitely and the white community will take concrete steps to meet Negroes' desegregation demands.

The document, designed to end violence in the eastern shore fishing community, was signed at the Justice Department. Atty. Gen. Robert F. Kennedy signed as a witness. It followed more than eight hours of talks Monday night with Asst. Atty. Gen. Burke Marshall.

Cambridge Mayor Calvin W. Mowbray and City Atty. C. A. Thompson arrived today to join Negro leaders in signing the agreement. Cambridge officials had not been represented at Monday night's meeting.

Brig. Gen. George Gelston indicated that National Guard troops will remain in Cambridge for a while.

The four-page agreement listed these steps being taken in hopes of meeting Negro demands:

Firm assurances that desegregation of the first four grades in the Dorchester County school system will be accomplished by the opening of the school year in September.

A Negro citizen has been retained as an interviewer with the state's Department of Employment Security in its Cambridge office.

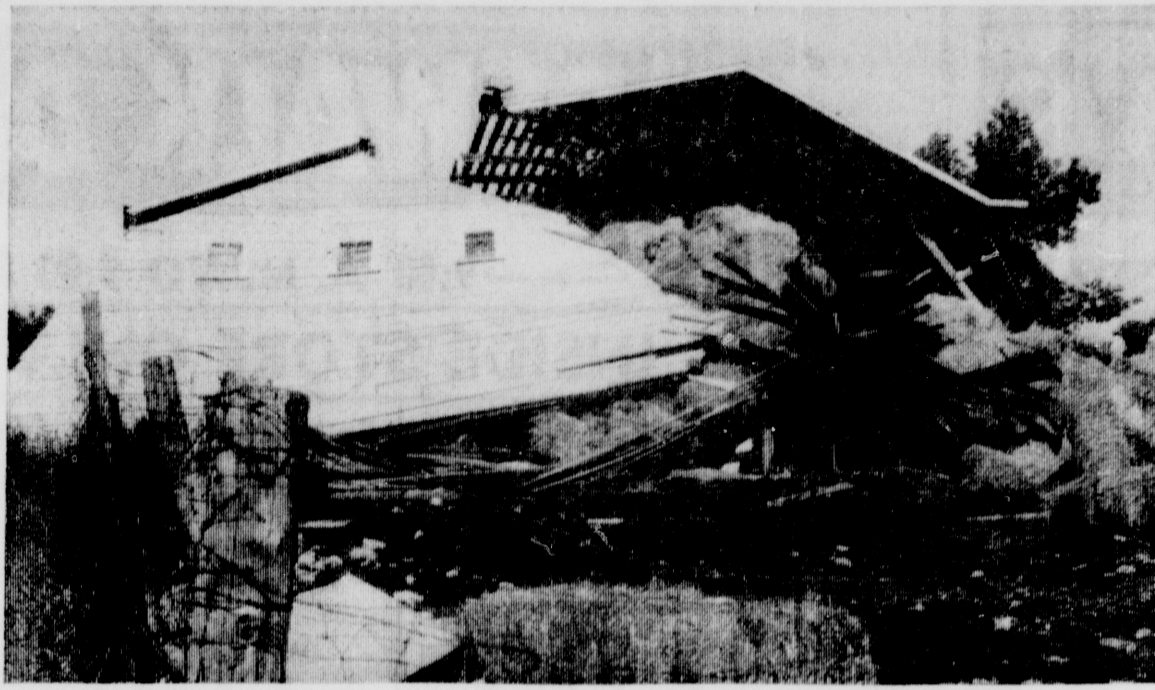

The mayor and commissioners of Cambridge are applying to the Federal Housing Administration for a low-rent public housing project "which materially will benefit the Negro community."

Iron Ore Handler Falls 25 Feet At C&NW Ore Dock

Edward Pufall, 61, of Ashland, Wis., an iron ore handler employed by the Chicago & North Western Railway, escaped serious injury when he fell from a walkway at the ore dock trestle in Escanaba early Sunday.

He suffered several cracked ribs and is in St. Francis Hospital.

Pufall fell about 25 feet from a walk beneath the trestle approaching the dock. He was considered fortunate in not being more seriously hurt.

The east end of the Clement Linder farm dairy barn at Nadeau looked like this after a windstorm flattened it Sunday night, dropping a mass of hundreds of tons of new hay on the farm herd and killing most of the milk cows. The end section of the barn is 20 feet or more from the north wall and roof section at right and the wall was moved 5 feet off its sill in the collapse. (Daily Press Photo)

Novena Priest Is Hero Of Rescue

The Father Anatole Baillargeon, 40 of Natick, Mass., who figured heroically in the rescue of a 3 year old girl, Christy Martine, on Lake Pontchartrain, New Orleans in the weekend conducted a novena at St. Anne's Church here a year ago. Father Baillargeon held onto a capsized boat and held the girl for 11 hours until help arrived. Another priest swam 7 miles towing a second child to safety.

Virginian Drowns In Grand River By Freak Accident

GRAND RAPIDS (AP) — A 71-year-old Virginia man drowned in the Grand River near here Monday in a freak accident as he was preparing to go fishing.

Michael Verbis of Hopewell, Va., who was visiting his brother, Anthony, of Comstock Park, was found lying partly in the boat and partly in the water.

Trooper Joel Gorzen, of the Rockford State Police Post, said Verbis had had an operation to remove his larynx, and water entered the opening in the throat and filled the lungs. Gorzen applied artificial resuscitation, but to no avail.

Clement Linder, Nadeau dairy farmer and equipment dealer, is pictured by the welding equipment used to cut the stanchions in the collapsed dairy barn on the farm operated by him and his son, Joseph. The stall piping was cut to liberate several animals trapped but not crushed in the collapse of the barn.

Mains Extended To Enstrom Corp.

MENOMINEE — The Menominee Board of Public Works is calling for bids for laying 3,400 feet of 6-inch water mains to the R. J. Enstrom plant at the Menominee County Airport.

The extension will also provide water service for residences along 23rd Avenue from 18th Street west to 22nd Street, where water service is not now available.

Cost of the project is estimated at \$15,000 and a special assessment will probably be made.

Survivors Meet

The Pearl Harbor Survivors Association, an organization composed of military and naval personnel who survived the Japanese attack on Pearl Harbor Dec. 7, 1941, will hold its annual reunion Dec. 7, 1963 in St. Louis.

Any person serving in the armed forces on or within three miles of the island of Oahu during the attack is invited to attend. Louis Bell, state chairman, 14006 Berkshire, Riverview, Mich., is registrar.

Traffic Toll Up

EAST LANSING (AP) — Traffic accidents have claimed 877 lives in Michigan so far this year, provisional figures compiled by state police showed today. The toll on this date a year ago was 772.

Study Of Rules By ICC Proposed To Avert Strike

(Continued From Page 1)

then. The five operating unions have agreed not to strike before then.

Neither the unions nor the carriers have commented on Kennedy's proposals.

The Senate Commerce Committee — already entangled with another piece of crisis legislation, the President's civil rights program — will be the first to take up the railroad measure.

It planned to hold a morning hearing on the public accommodations measure of the civil rights program, then in the afternoon hear Secretary of Labor W. Willard Wirtz as the first witnesses for the rail emergency bill.

The House Commerce Committee plans to start taking testimony Wednesday on the railroad measure.

Both branches remained in session late to receive the President's message. He surprised many if not most of the members by suggesting the hot potato be tossed to the ICC.

His plan would delay a walk-out by at least two years by obliging the railroads to submit the new work rules to the ICC for advance approval.

The ICC would be given power to issue court-enforced interim orders deciding each point. The orders could remain in effect two years unless the parties reached an earlier agreement by voluntary bargaining.

Could Be Extended

The bill itself would expire after two years, but the possibility of a further extension is mentioned in the text.

Although the effect would be government forced settlement for the duration of each order, Wirtz argued that the final aim is for bargained agreements.

In his 10-page special message, Kennedy said: "Unlike compulsory arbitration, this method would preserve and prefer collective bargaining and give precedence to the solutions."

The companies contend the new rules are needed to cut costs and adjust the railroad industry to automation by eliminating jobs the carriers say are unnecessary and term featherbedding.

Hardest hit would be firemen on diesel freight trains. About 10,000 firemen's jobs would be eliminated at once, and thousands more would be erased by attrition in the future.

The firemen and their four allied brotherhoods—the engineers, the conductors and brakemen, the switchmen and the trainmen—have argued the jobs are necessary for safety. The firemen, switchmen and trainmen unions are AFL-CIO; the two others are independent.

The President was forced to call for new legislation because he has exhausted his authority under existing law to delay the strike any longer.

He told the Congress that a strike could "topple the economy into recession."

Briefly Told

Traffic court summons have been issued by Escanaba police to James D. Beaupre, Bark River Rte. 2; James L. Blood, Stambaugh; and Carol Lee Jefferson, Portage Point, Escanaba, all for speeding.

Application for a marriage license was made Monday by Paul A. Sidbeck of N. 16th St., Gladstone and Judith Ann Spriks of Rapid River.

Boatsmen Favor Escanaba Port

Escanaba's Yacht Harbor has been a beehive of activity this season with some 90 boats from outside ports stopping here to refuel, visit and shop.

Most of the visiting boatsmen took the time to register in the guest book at the Yacht Club and wrote such favorable comments as: "Great little harbor you have here," "Escanaba is generally a good spot for yachtsmen," and "Your hospitality is great and the harbor facilities the best."

While the season nears its peak yachtsmen have already visited here from points as far away as Ithaca, New York and Texas City, Texas and Puyallup, Wash.

Most of the remaining boatsmen have come from such places as Green Bay, Milwaukee, Chicago, Des Moines, Iowa, Chillicothe, Ohio, Detroit, Racine, Oshkosh, Traverse City and Fond du Lac.

Water Control Is Held Vital Issue

LANSING — A special committee appointed by the Michigan United Conservation Clubs to study the proposed reorganization of the Water Resources Commission under the new state constitution agreed at its first meeting that the commission must be strengthened.

"MUCC, a citizen's organization which played a major role in the formation of the Water Resources Commission in 1949, will use its influence to insure that the authority and responsibilities of the Commission are not decreased in the proposed reorganization," declared MUCC President O. Stewart Myers of Grand Rapids.

"This committee is of the opinion that, because of increased problems of pollution and water resources management, Michigan needs a stronger, decision-making commission rather than an ineffective advisory board," he said.

Hospital

Patients admitted to St. Francis Hospital on Monday included: Mrs. Catherine Harris, 1230 Lake Shore Drive, Escanaba; James Novak, Ensign; James Searies, 608 N. 19th St.; Andrew Polequin, 1511 N. 20th St.; Oscar Anderson, Ensign; Mrs. Pearl Benard, 814 N. 18th St.; Mrs. Norman Aasen, Rte. 1, Rapid River; Virginia Pomeroy, Ensign; and John Carlson of 1108 S. 19th St.

The newly-elected Michigan commander of the American Legion, is C. Oscar Hammond, Northville businessman. He was elected by the 1,382 delegates at the closing business session of the 45th annual state convention of Michigan Legion posts held in Detroit, July 18-21. Hammond was born in Salem Township, Washtenaw County on July 18, 1894, entered military service on November 20, 1917, and served in Co. D 329th M.G. Bn. He left the Army April 18, 1919 with a sergeant's rating.

First Methodist To Vote July 31 On Church Merger

All members of the First Methodist Church 21 years of age and over will have a vote on the question of whether the First Methodist and Central Methodist Churches of Escanaba will merge.

The vote will be taken at the First Methodist Church at 7:30 p.m. Wednesday, July 31, it is announced by the Rev. J. Bruce Brown, First Methodist pastor.

The decision to bring the merger proposal to a vote of the First Methodist Church congregation was made by a special Quarterly Conference of the First Methodist Church.

Methodist Church law provides that the Quarterly Conference draft such a proposal and bring it to the congregation, with which body now rests final approval or disapproval.

Should the First Methodist membership approve the proposed merger, a vote will then be taken by the congregation of Central Methodist Church. Rejection of the proposal by the First Methodists will end the merger discussions and considerations which were begun last spring.

First Methodist Church was incorporated in 1871, and the Central Methodist Church was organized in 1887.

YOUR MONEY'S WORTH MORE AT
WOOLWORTH'S

Women's Activities

To achieve the new round-eyed look for summer, the model (left) uses a scissor-handled tweezer to pluck her eyebrows into a natural rounded arch. A flesh-tone makeup base applied to the area under the brows and over the eyelids adds to the round-

eyed illusion. Over this she applies a luminous eye shadow (center). With an eyeliner, she draws a fine line on the center edge of the lower lid only (right) and applies mascara, eyebrow pencil.

Church Events

Christian Science Society
The subject at all Christian Science services this Sunday will be "Truth."

Responsive Reading will include these words of Christ Jesus: "Ye shall know the truth, and the

truth shall make you free" (John 8:32).

Related readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will also be heard and will include the following: "Prayer cannot change the unalterable Truth, nor can prayer alone give us an understanding of Truth; but prayer, coupled with a fervent habi-

tual desire to know and do the will of God, will bring us into all Truth" (p. 11).

Church Men's Outing

The Lutheran Church Men of Bethany will hold an outing Tuesday, July 23 at the Al Gustafson cottage, Garth Point, following the supper hour.

Personals

Mr. and Mrs. Gunnar Norby of Escanaba have as their guests their daughter and son-in-law, Mr. and Mrs. James Savastano of Richfield Park, N.J. They will be here for a couple weeks.

Newberry

Margaret E. Maki Becomes Bride Of Gerald Pollice

Miss Margaret Elizabeth Maki of Sault Ste. Marie, daughter of Mr. and Mrs. Neil Maki of 429 E. Ave. E. Newberry, became the bride of Gerald Pollice, also of the Soo, son of Mr. and Mrs. John Pollice of Grand Rapids, in a double ring ceremony performed by the Rev. Fr. Rochelau at 7 a. m., Thursday in St. Joseph's Rectory.

The bride wore a three piece beige suit, with brown and white accessories. Her flowers were

bronze and yellow roses. Her only attendant, a cousin, Miss Diane Maki of the Soo, was attired in a blue and white silk suit, with blue accessories, and her corsage was of red tinted white carnations. Neil Maki Jr., a brother of the bride was best man.

Mrs. Maki chose a two piece turquoise silk print dress with white accessories for her daughter's wedding. Her flowers were yellow tinted white carnations.

Immediately following the ceremony, there was a dinner for the immediate family and wedding party at the O'Jibway Hotel.

After a short wedding trip through the U. P. the young couple will be at home at 526 Division St., Sault Ste. Marie.

The bride graduated in 1959 from Newberry High School and

Western State in Kalamazoo in 1963, and has taught in the elementary school in Rudyard this past year. Gerald is a graduate of the Lowell, (Mich.) High School and Grand Rapids Junior College, and is presently a salesman for Cook Bros.

Out-of-town relatives at the wedding were the bride's sister, Mrs. Rex Corless of Muskegon, and an aunt, Mrs. Jack Thompson of Ft. Leonard Wood, Mo.

Making good old-fashioned lemonade with fresh lemons? Count on four lemons yielding about three-quarters cup of juice.

Some cooks like to add a tablespoon of butter or margarine to a cup of rice that's being steamed.

Briefly Told

Lorena Hale, 17, received a summons from State Police here Friday, for failure to yield the right of way, after she pulled out in front of a car driven by Richard LeRoy Pangborn, 58, of Eckerman. Miss Hale was driving south on County Road 403, while Pangborn was traveling east on M 28 near Roberts Corners in Pentland Township. Miss Hale told investigating officers she did not see the Pangborn car, as there was a truck parked on the highway, that blocked her vision. There was damage to the front of the Pangborn car, and the right side of the Hale car.

Trousseau lingerie for the modern bride is both pretty and practical. Waltz-length gown (left) in a soft and airy batiste of Dacron and cotton is by Eve Stillman. Bodice is eyelet embroidered and edged with nylon lace. Flowing ensemble (center) by Leonora, reflects the resurgence of romanticism in lingerie design. It comes

in pink, blue or white and peignoir has flattering collar and sleeves of nylon lace. Dramatic departure from frilly trousseau lingerie is this regal print negligee (right), by Perfect. Antron nylon tricot is used in both these designs to ensure easy upkeep.

Ann Landers

Scantly Clad Gals Are Sick, Sick, Sick

Dear Ann Landers: My husband and I have been married for 12 years and we have four nice children. We don't get along any better or any worse than most married people although I've made a real effort to avoid arguments and maintain a peaceful atmosphere in our home.

When my husband loses his temper, which is fairly often, he claps on his hat, slams the door behind him and goes off for a drive. He calls this "getting rid of his anger behind the wheel." I'm on needles and pins until he gets home. It worries me sick. He says it's a lot better than keeping the anger bottled up, and certainly better than socking somebody—meaning me, I suppose.

Will you please say a word in your column about people who do this? My husband reads you faithfully. —CONCERNED CONNIE

Dear Connie: Hospitals and graveyards are full of people who took their anger out behind the wheel. The real tragedy is that they usually manage to drag innocent people along with them.

Studies made by the National Safety Council prove that hostile, anxiety-ridden, angry drivers are a menace to everyone on the road—including themselves.

Suggest that your husband hang a punching bag in the garage so he can take his anger out there—safely.

Dear Ann Landers: If male viewers of scantily clad women are "sick, sick, sick" according to Ann Landers, then what do you have to say about women who wear sun suits when there's no sun, bikinis when they can't even swim, shorter than short shorts for their grocery marketing, and capri pants that look as if they were put on with a spray gun?

Invariably the hussies who strut around in these provocative get-ups are the first ones to criticize a man for ogling.

Is there a word in your limited vocabulary to describe these characters? Or will my letter wind up on the floor?—THE INQUIRING SQUIRE

Dear Squire: Yes, I do have a word to describe these characters (in fact, I have two words). 1) Exhibitionist. 2) Teasers. And this is sick, sick, sick.

Dear Ann Landers: We have a 10-month-old baby who stays with my mother while I work. My husband's mother is jealous of the time my own mother

ing your housework I see no reason to deny her the pleasure. I agree with your husband that you should keep your lip zipped and open it only to say "Thank you."

Confidential to WHY DOES HE DO IT? Probably because he's such a colossal liar he doesn't expect anyone to believe him. By dragging God's name in, he hopes to strengthen the story. To learn the difference be-

tween a marriage that "settles down" and one that "gets dull," send for ANN LANDERS' booklet, "What To Expect From Marriage," enclosing with your registered 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

To order send 50 cents in coins for each pattern to:

CREATIVE WOMAN, Escanaba Daily Press, Box 438, Midtown Station, New York 18, N. Y.

Add 10 cents for first-class mailing. Print name, address with zone, style number and size.

Mr. and Mrs. J. Alton Mallmann, 316 S. 16th St., announce the engagement of their daughter, Kathryn Elizabeth, to John James Linna, son of Mr. and Mrs. Arvid J. Linna of Ishpeming. Both young people are graduates of Northern Michigan University. The wedding will take place at St. Mark's Lutheran Church, near the campus, August 31.

Methodist Women Meeting Aug. 5 On NMC's Campus

The Detroit Conference, Women's Society of Christian Service of the Methodist Church will hold its 10th annual "Institute of Missions" at the Northern Michigan University, Marquette, Mich., August 5-7.

Mrs. William Canfield of Northville is Conference president. Mrs. Bruce Love of Howell, Conference secretary of missionary education and service is dean of this year's Institute.

Miss Frieda Schwartz, 402 Munising Ave., Munising, Conference secretary of supply work is the registrar. Deadline is July 29.

Faculty and courses follow:

Morning Bible Hour, Dr. Ivan Gonsler, district superintendent.

Foreign Study - "Christian Issues in Southern Asia," Mrs. W. Earle Price, Dearborn.

Home Mission Study - Mrs. Donald Schram, Detroit.

Spiritual Life - Mrs. Alvin Odgers, Detroit.

Christian Social Relations - Mrs. Arthur Iverson, Detroit.

Clinics: The Work of the Woman's Society, Mrs. Kirk Rae, Flint, past vice-president, Michigan United Church Women.

Miss Sylvia Aldrich, missionary on pre-retirement furlough from Southern Rhodesia, Africa, will speak on Tuesday evening, Aug. 6.

Conferees are asked to bring Bibles, textbook, notebook, handbook of office and totebag.

When you are poaching fresh peaches, you may use a medium syrup - one cup of sugar to two cups of water.

Ever sweeten tomato juice with a suspicion of molasses? Youngsters often like it this way. Use a fork when you stir the liquid into the dry ingredients for pie dough and mix lightly.

Women's Activities

Wheat Germ Picks Up Quick Bread

By CECILY BROWNSTONE
Associated Press Food Editor

Although we are aware that wheat germ is a rich source of protein and chock full of B vitamins and minerals - and even the idea of all those nutrients is like a quick dose of energy - still the reason we have wheat germ around in our kitchen is because we like it.

And we commend it to you. Use it in the following recipe for a quick bread. See if you don't agree with us that it makes a worthwhile contribution to flavor and texture.

We sliced half this loaf as soon as it came from the oven so it could be enjoyed fragrant and warm. The rest of the loaf was cooled, wrapped tightly, and refrigerated. Such cold storage helps to keep baking-powder breads from drying and makes them easy to slice. We like this loaf, after overnight storage, toasted and slathered with butter.

RAISIN NUT WHEAT LOAF
2 cups sifted flour
3 teaspoons baking powder
1 teaspoon salt
1 teaspoon cinnamon
1/2 teaspoon nutmeg
1 cup sugar
1/2 cup wheat germ
1/2 cup raisins
1/2 cup chopped walnuts or pecans
2 eggs
1 cup milk
1/2 cup butter or margarine (melted)

Onto a piece of waxed paper, sift together the flour, baking powder, salt, cinnamon, nutmeg and sugar; stir in the wheat germ, raisins and nuts. In a medium mixing bowl, beat eggs slightly; add milk and beat to combine; add the melted butter and the flour mixture; stir only until dry ingredients are moistened. Turn into a greased loaf pan (9 by 5 by 3 inches). Bake in a moderate (350 degrees) oven until cake tester inserted in center comes out clean - about 55 minutes. Loosen loaf from sides of pan; turn out on wire rack; turn right side up. Cool. Store in tightly covered container. Loaf may be sliced shortly after baking, but for thin slices, leave overnight.

Raisin Nut Wheat Bread—Delicious and nutritious with wheat germ, fine for after-school snacks and to pack into lunch boxes.

Helen M. Rautio Is Married To Duane M. Lietha

Helen M. Rautio, daughter of Mr. and Mrs. Arthur E. Saari, of Treenary, and Duane M. Lietha, son of Mr. and Mrs. Milton G. Lietha, Solon Springs, Wis., repeated their marriage vows in a double ring ceremony performed by Rev. Taino Jarvinen of Eben, on June 22 at the First Lutheran Church in Treenary.

The couple was attended by Mae Iho of Highland Park, Mich., maid of honor, and George Hansen, Superior, Wis., best man. Ushering were a nephew of the bride, David M. Iho of Royal Oak, and a brother of the bridegroom, Donald Lietha of Solon Springs.

The bride wore a gown of Florentina lace styled with a scalloped neckline, long sleeves, tapering to a point at the wrist, with a floor length skirt highlighted by net inserts. Her fingertip veil of silk illusion was secured to a crown of Aurora Borealis and pearls. She carried a bouquet of red sweetheart roses with streamers on a white ribbon.

The maid of honor's street length gown was chiffon over taffeta, styled with a fitted lace bodice, scoop neckline and long sleeves. She wore a pillbox hat and carried a bouquet of pink and white carnations.

Following the ceremony a reception was held at the Treenary Town Hall, the couple left for a wedding trip to Lower Michigan and Canada. They are now at home at Birch Grove Trailerville in Marquette.

The bride is a graduate of Treenary High School and Highland Park School of Nursing. She is employed at St. Luke's Hospital in Marquette. The bridegroom graduated from St. Croix High School and served four years in the U. S. Navy. He is presently employed at the U. P. Generating Co., in Marquette.

Births

LYNAUGH - Mr. and Mrs. Michael Lynaugh are the parents of a son, weighing 7 pounds and 11 ounces, born at St. Luke's Hospital in Milwaukee on Saturday, July 20. The baby has been named Shawn Michael and the child is the first in the family. The mother is the former Susan L. Erickson, daughter of Mr. and Mrs. Alvin L. Erickson of Escanaba, and the baby is their first grandchild.

ANDERSON - The second child of Mr. and Mrs. Dean A. Anderson, 13 N. Highland, Wells, is a boy, Gregory Allan. The infant was born today, July 23, at 1:15 a. m., and weighed 7 pounds and 14 ounces. Mrs. Anderson is the former Marilyn Brown.

Dr. Jacobson To Head Homemaking Program In U. P.

Dr. Margaret Mary Jacobson has been appointed Upper Peninsula program leader in home economics and family living, announces Dr. A. S. Mowery, Marquette, U. P. Extension director for Michigan State University.

Born in New York Mills, Minn., the home economist has served as a home extension agent in the Duluth and Montevideo areas of Minnesota and taught school at Park Rapids, Minn.

She most recently was an assistant professor at the Pennsylvania State University and before that at the University of Minnesota.

She is presently employed at the U. P. Generating Co., in Marquette.

Darlene Borman Shower Honoree

Darlene Borman was honored at a bridal shower last week at the Borman home. Hostesses were Mrs. William Lewis, Mrs. Robert West and Mrs. Nick Thoney.

Games were played with high in 500 going to Louise Berro and low, Mrs. Ray Herbst. The traveling box was awarded to Mrs. John Chernick and Mrs. Frank Pinonek received the guest prize. Lunch was served to the 40 ladies who attended.

Miss Borman will become the bride of Richard Perlick of Marquette on Aug. 10.

Mrs. Walter Thompson

Janet L. DeGrave Becomes Bride Of Walter Thompson

Mr. and Mrs. Walter M. Thompson are at home in Treenary after their marriage June 22 in Calvary Lutheran Church in Rapid River. Mrs. Thompson is the former Janet Lynn DeGrave, daughter of Mr. and Mrs. Wilbert DeGrave of Rapid River. The bridegroom's parents are Mr. and Mrs. Malcolm Thompson of Treenary.

Honor attendants for the couple were Cheryl Josephson and Charles Thompson, the bridegroom's brother, Gary DeGrave and Thomas Sprichs seated the guests.

The bride wore a white floor length gown of Chantilly lace. It was fashioned with a fitted bodice, long tapered sleeves and a scalloped Sabrina neckline. The High School.

Church Events

Home League
The Salvation Army Home League will hold its social Thursday at 8 p.m. There will be a guest speaker and special music. Hostesses are Mrs. Earl Palmater and Mrs. Dan Evans. The public is invited.

The maid of honor was attired in a white organza dress with lavender trim and a matching headpiece. She carried white and lavender carnations.

The bride is a graduate of Rapid River High School and her husband, long tapered sleeves and a band graduated from Treenary High School.

Pennsylvania Turnpike's second tunnel through Allegheny Mountain is being drilled and blasted 125-feet south of the existing tunnel, in use since 1940 when the nation's first turnpike was opened. Traffic is halted briefly in the present tunnel during six blasts a day. Turnpike commission hopes the double tunnels will be able to handle much of the traffic to and from the New York World's Fair in 1964.

Missile Killer Readied By U. S.

WASHINGTON (AP) — In the news from Washington:

MISSILE KILLER: Qualified scientific sources say the United States could develop an effective antimissile system without further nuclear testing in the atmosphere. Although additional air tests would provide useful information, they say, last year's Pacific series gave American atomic scientists and weapons engineers considerable data vital to a missile-killing system.

MORE MONEY: Personal income—the total of all wages, salaries, fees and other payments to persons—set a new record in June as it climbed steadily for the fourth consecutive month.

The seasonally adjusted annual rate was \$462.1 billion, a gain of \$2 billion over May and \$20 billion over June 1962, the Commerce Department's Office of Business Economics said Sunday.

A FIRST: President Kennedy plans to appoint Howard Jenkins Jr. as a member of the National Labor Relations Board.

If confirmed by the Senate, Jenkins will be the first negro to serve on the board.

A Coloradoan, Jenkins would succeed Philip R. Rodgers whose term in the \$20,000-a-year post ends Aug. 27. Since both are Republicans, Jenkins' appointment would not change the five-man board's political complexion: 3-to-2 Democratic.

TAXES: Sen. John J. Williams, R-Del., says the administration does not want a tax-cut bill passed this year, preferring to carry the issue into next year's presidential campaign.

Williams said Sunday in an interview for New York radio and television stations that the tax cut will not be passed this year.

Two U.S. presidents were married in London, England — John Quincy Adams and Theodore Roosevelt (second marriage).

Freeway Drivers In Los Angeles To Test Space Hats

LOS ANGELES (AP) — Scientists are testing a new space helmet on Los Angeles freeway drivers. They say a trip on the freeways can be about as tension-filled as one into space.

The helmet is clapped on scientist-motorists. It records brain waves as the scientist forges through bustling freeway traffic. The recordings are analyzed later in a massive computer at the University of California at Los Angeles' Brain Research Institute to compare changes in brain wave readings with the changes in driving conditions and stresses.

Eventually, the helmet will be used by American astronauts to take brain wave readings during extended space flights.

Mead Increasing Container Prices

DAYTON, Ohio — Prices on all shipments of corrugated shipping containers will be increased immediately, announces William J. Cassidy, Mead vice president.

"We have been studying our increased costs of manufacturing covering such major items as labor and fringe benefits, freight, taxes and insurance and find it is absolutely necessary for us to increase our prices a minimum of \$1 to \$1.25 per thousand square feet for the 175 and 200 pound test grades," said Cassidy. "Other grades are to be increased in accordance with the differential in the weight basis."

SCHOOL MUSEUM
EAU CLAIRE, Wis. (AP) — The one-room school is fading fast in America, but Eau Claire school children are cooperating in an effort to save one for posterity.

They are donating pennies in a drive to raise \$1,500 to move the old rural Sunnyview school three miles to a park near the downtown area.

The city parks and recreation department will paint the school red and maintain it as a museum. The school was built in 1881 and abandoned in 1961.

Auto Industry At Alltime High

DETROIT (AP) — The U.S. auto industry will set an all time high sometime this week when it turns out passenger car No. 7,130,001 of the 1963 model run. That one car will break the old mark set in the 1955 production year.

The seven millionth car was turned out last Thursday.

It marked only the second year in automotive history that more than seven million passenger cars were built during a model year.

Several auto divisions have finished their 1963 production, but others—led by Chevrolet and Ford—continued to turn out 1963's.

Among lines which completed output during last week were the Buick Special line at Flint, Mich.; Ford's Thunderbird plant at Wixom, Mich. and Chrysler's East Jefferson plant in Detroit which is the exclusive source of Chrysler, Imperial and Dodge 880 cars.

Studebaker Corp. wound up Lark-Hawk output in June.

Chevrolet had 10 of its 14 assembly plants on overtime last Saturday, as it strove to make up for production lost in a wildcat strike in May. Almost all the Saturday production was on Ford's regular cars.

A breakdown of last week's production showed GM had upped its percentage to 58.5 per cent; Ford 22.3; Chrysler 12.8 and American Motors 6.4.

One industry source—Ward's Reports—said that the gradual slowing down of production of this year's models, generally referred to as a phaseout, should be called a rushout this year as companies strove in the final weeks to meet customer demand.

SWITCH

DES MOINES, Iowa (AP) — Robert Asbille of Des Moines picked up the wrong sack when he left home for work the other day.

What he thought was his lunch sack turned out to contain 21 lollipops.

And his 8-year-old daughter Jeanne took a couple of sandwiches to school for a class party.

Newsmap spots commercial atomic power situation: 11 plants are in operation, seven are under construction, seven are being planned.

This nuclear power plant at Piqua, Ohio, will be the first one operated by a municipality.

The Atom Begins To Flex Muscles

Over 20 years since the first controlled nuclear chain reaction and six years after the first commercial reactor went into operation at Shippingport, Pa., atomic power plants are beginning to sprout over the face of America, as spotted on Newsmap, above. (One is also being built in Puerto Rico.) The plant in Piqua, Ohio, right, to a one-million-kilowatt powerhouse planned for New York City. Piqua will be the first city in the nation to operate its own nuclear power plant station. The plant, built by Atomics International, will generate steam, which will then be piped to the municipal power plant where it will turn generators to manufacture electricity. Constant improvements are bringing atomic power competitively closer to conventional fuels. It will be fully competitive within five years, says the Atomic Energy Commission, ushering in the much talked about era of cheap and abundant energy liberated from the atom.

Hootenanny Big Word In Records

By MARY CAMPBELL
AP Newsfeatures Writer

A hootenanny, according to the dictionary, is an informal party, usually featuring folk dancing and group singing.

A hootenanny, say the folk singers, is a group of folk folks coming together for a vocal jam session. A hoot can be at an outdoor musical festival, a tiny coffee house or on network TV.

And, with an LP titled "Hootenanny," put out by Crestview, it can be on record.

The 12 artists who perform weren't gathered together for a give and take and group singing. They each sing one song.

So maybe it isn't regulation hootenanny, but why quibble about words when you have an album with 12 bands, every one of them good.

The Limelights sing and the Travelers 3, the Dillards for bluegrass. Bud and Travis sing "La Bamba," a lively folk song from Veracruz, and Theodore Bikel, the moving "Rising of the Moon," from the Irish Rebellion. There's Judy Collins, and Josh White doing "John Henry."

Bob Gibson is backed by the Gospel Pearls; Judy Henske's strong voice intones the spiritual, "Wade in the Water." Miss Henske, who proved with her recent first LP that she also can be hilarious, is scheduled to display her talent on the first of Judy Garland's weekly TV shows this fall.

Oscar Brand, whose latest of some 50 LPs is "Songs For Golfers," and Will Bolt sing funny songs. Ed McCurdy sings "Josie," a version of the Frankie and Johnny story. "He was her man but he wouldn't come home."

How long has it been since the first Herman "herd" asked Caldonia about the firmness of her cranium? Answer: nearly 20 years.

On a new Philips release, "Encore, Woody Herman," a big (7 minute 40 second) arrangement of "Caldonia" features the current Herman herd in an updated, biting, driving version of the two-decade standby. Perhaps the '63 group doesn't have the sharply honed precision of some of the earlier groups but certainly the old excitement is here.

Another band on this album, which was recorded live during a Hollywood engagement, is "Better Get it in Your Soul," by bassist-

composer Charlie Mingus. It's a free-swinging showcase for several of the herd's young jazzmen and includes a hollering Herman on top of the full brass section.

A lush rendition of "Body and Soul" features Woody's alto. One we could have done without is "Days of Wine and Roses," an arrangement that sounds like a sign-off at a senior prom, quite out of place in this otherwise magnificent album.

Decca's newest release is "The Patsy Cline Story," a two-record package in memory of the Grand Ole Opry star who was killed in a plane crash in March.

Four pages of pictures and biography are included, Patsy, who was 30, had been recording for Decca only since 1960 so this isn't the story of a development of style from her early years. It is instead a collection of songs her fans liked on the Opry and bought on record — "Heartaches," "San Antonio Rose," "I Love You So Much It Hurts Me," etc.

This album should appeal to pop fans as well as country-western. Patsy Cline could sing.

NO CHANGE IN RETIREMENT
LOUISVILLE, Ky. (AP) — Retirement made little difference to L. C. Gardner.

A teacher for 53 years, Gardner, 70, volunteered as a teacher for the Peace Corps. He taught English for 38 years at Louisville Male High.

Roofer Is Sued In Rotunda Fire

DETROIT (AP) — Two contractors were named in a Federal Court suit filed Monday by an association of insurance companies which paid the Ford Motor Co. \$3,665,625 as a result of the fire that destroyed the Rotunda last Nov. 9.

The Factory Insurance Association's suit, which seeks the amount of money paid to Ford, charged the contractors with "fault and negligence" in the fire, which began while the Rotunda dome was being re-covered.

Defendants in the suit are the William C. Peters Co. of Detroit, which contracted with Ford last October to re-cover the dome, and Specialty Contracting Co., which sub-contracted the work.

A partner in the Specialty firm said Monday that it has since been dissolved. He denied that "hot tar" on the roof started the fire.

The insurance association includes the Agricultural Insurance Co., the Camden Fire Insurance Association, the Home Insurance Co. and the Reliance Insurance Co.

The suit is in Federal Court because the companies are registered in more than one state.

The Rotunda was a nationally known showplace.

All mammals have hair, although certain ones, particularly the order to which whales belong, have very few hairs.

with BILL FINLAN

(pinchhitting for vacationing Ray Crandall)

Well . . . it looks as though seldom seen Charles "Sonny" Liston can really throw the eight ounce gloves around. A considerable number of boxing fans knew so little of Liston, other than that he had a "bad record" and had won a few notable fights, they sort of brushed off the idea that he would ever amount to much as a world boxing heavyweight champion after he belted Floyd Patterson into unconsciousness to win the crown.

Last night "Sonny" Liston proved that he is going to be around for a while in the heavyweight ranks, and more than likely as the undefeated champion. Patterson had been falling on his back every time he got poked in the head with an opponent's punch, so he came out in the first round of the fight with his gloves up around his ears.

This made little difference to Liston. Usually a fighter will go to the body in an attempt to bring down the guard of the other fighter. Not Liston . . . he waded into Patterson, slamming rights and lefts into his defense, and through his defense, setting Floyd up for a fast knockout. Patterson got up, wrestled with "The Bear," as Cassius Clay calls him, smashed a hard right to Liston's forehead, to no avail, and then got smashed to the deck again.

Liston was still pulverizing Patterson through the arms and gloves which were still held up by the ears for protection. Patterson got up and took the mandatory eight-count again, and then tried to hang on for the rest of the round. He might as well have been hanging on to a grizzly bear (the real variety.) Liston shoved him away and went toward Patterson with the apparent intention of finishing the fight. Floyd uncorked a right from the shoulder that should have slowed an average heavyweight, but Liston seemed to use Patterson's punch as an indication as to where Floyd was running and he threw a right that backed the challenger up about five feet. The rest we all know. Liston got Floyd into the center of the ring where there was lots of falling room, and tipped him over on his back with a soft left hook. It was all over in 2:10 of the first round.

The fight had one highlight. Before it started the youthful "Louisville Lip," Cassius Clay, was introduced and he spryly hopped into the ring, shook hands with Patterson, and then sassily avoided Liston. After the fight, Clay declared to the television audience that he was the greatest and that he was through talking. He says he wants action. Clay said, "If he (Liston) doesn't cut out all that jive, I'll cut it down to five." Meaning Liston would only last five rounds.

But most people will agree that it will take more than talk to take the belt away from Liston, and a lot of boxing fans are of the opinion that Clay will have to sharpen up his defense mechanism, too, before he hops into the ring with the "Big Bear." Clay showed the fans a lot of wide open body and head area in the Doug Jones fight. The light heavyweight gave Clay a lot more than he bargained for, especially during the fourth round when Cassius had predicted that he would finish the giant killer. Our "money" will be with the powerful, charging, "Big Bear," Liston.

Tiger In Homestand, Future Looks Brighter

DETROIT (AP)—If the Detroit Tigers are going to start a serious drive to move out of the depths of the second division, they'll never have a better chance to do it than right now.

Starting with tonight's two-night doubleheader with the Chicago White Sox, the Tigers are scheduled to play 15 of their next 18 games at Tiger Stadium.

Detroit opens the series tonight 1 1/2 games behind the eighth place Kansas City Athletics and only 4 1/2 games out of sixth.

Reaching the first division is a bit more difficult. The Tigers are 10 games behind the fifth place Baltimore Orioles.

Ray Herbert (8-6) and Dave DeBusschere (1-2), one a former Tiger and the other a Detroit native, many fans feel the Tigers should

have signed, will be on the mound for the White Sox tonight.

Manager Charlie Dressen will counter with Hank Aguirre (8-8) and either Don Mossi (4-5) or rookie Willie Smith (1-0).

The White Sox, who have not played in Detroit since the first two games of the season, hold a 4 1/2 edge over the Tigers.

Dressen plans to start Mike Roarke again tonight. The Tigers' No. 3 catcher was praised by his manager for his handling of Frank Lary in Sunday's game in Los Angeles.

After the four-game series with Chicago, the Tigers will play host to Washington for a four-game weekend series before departing for Baltimore for three night games, starting Monday night. Then Cleveland comes in for four games and Boston for three.

Clay Declares Fight Elimination For Him

LAS VEGAS, Nev. (AP) — "This," announced lippy Cassius Clay, "was not a heavyweight championship fight. It was just an elimination to see who's going to fight me."

Clay, the noisy, unbeaten contender from Louisville, made the remark after putting in an unexpected appearance at Sonny Liston's victory party Monday night, following the champion's one-round knockout of Floyd Patterson.

Clay said he showed up at the victory celebration "just to make him (Liston) mad."

He shouldered his way through

the crowd to where Liston was sitting with some friends and told the massive champion: "You're just a sucker. My brother could have beaten Floyd Patterson."

Liston, in a rare burst of humor, invited:

"Come on over here and sit on my knee and finish your orange juice."

Some further words were exchanged and at one point Liston rose to his feet and assumed a mock fighting pose. Friends moved between them.

Clay stole much of the thunder from the fight even before it started.

Clay stepped into the ring while the announcer was introducing famous boxers who were at ringside. The fistie poet waved to the crowd and shook hands with Patterson.

Then he started for Liston with his hand out but suddenly retreated in mock fear and bolted from the ring.

The crowd roared with laughter, but it didn't bring a smile to Liston's face.

After the knockout, Clay again dashed into the ring while part of the gallery chanted "We want Clay."

Somebody showed Clay a fake newspaper that the Liston camp had held aloft after the victory. It read: "Clay has a big lip that Sonny zip."

Esky-Menominee Clash This Evening In Game No. Two

In one of the finest games of American Legion baseball ever played in Escanaba, the Menominee team managed to get past the Escanaba Cubs 5-4 last evening. Mike Kositzky for the Cubs and Bill Hermansen, two big righthanders, fired from the mound for the entire game.

Menominee got more than one hit four times in the game and scored in each of those innings. The Cubs, who had trouble bunching their hits, had two hits in five out of six innings in the middle of the game.

The two teams will clash again tonight at 5:45 at the Al Ness Field. Wally Schultz will be on the mound for the Cubs and Phil Lynwood will pitch for Menominee.

Escanaba broke into the scoring column in the third inning with two singles, a walk and a sacrifice fly. Menominee followed suit with back to back doubles in the same inning.

Esky scored again in the fifth when Jim Bruce scored on a single by Ron Gauthier. Menominee again responded with two runs in the bottom of the inning on a single by pitcher Bill Hermansen and a homer by leadoff man, Paul Agneberg.

In the seventh it looked like the Escanaba team was going to get

to Hermansen, when Mike Kositzky slammed a double and Ron Gauthier poked the next pitch high and far over the right-center field fence for his third RBI of the game.

Dave Sharkus lined a homer to put Menominee back in the game in the eighth, tying the score. Hermansen struck out his seventh and eighth batters in the top of the ninth and got Gauthier to pop up to the short stop to finish the ninth for Escanaba.

Kositzky got Jim Christensen to pop up to the third sacker for the first out, but then hit Hermansen in the back with a pitched ball. Kositzky walked Agneberg and then Tim Rosemeyer and Jerry Poquette punched singles through the infield to score the winning run.

Menominee almost made it earlier in the ninth when Hermansen tried to score on a single by Rosemeyer, but Jerry Sundquist fired to home from right field, and catcher Bob Johnson grabbed the ball and put the tag on Hermansen, who barreled his 180 pound frame into the little catcher. Johnson was knocked out of wind, but hung onto the ball. The winning run scored on the next play.

Escanaba	11	1	4
Menominee	10	1	5

District 1 LL Begins In Esky At 2 P. M. Friday

The District 1 Little League tournament will open Friday afternoon at 2 with Superior facing Iron Mountain Northern, and Escanaba playing with Ashland at 4, the Press was advised today by Karl Dickson, District Administrator.

The representative from the far West end of the district advanced to the tournament by virtue of an inter-city play-off. After disposing of Ironwood and Lac du Flambeau on Friday, Superior National and Superior American squared off in the Area 1 finals Saturday.

Meanwhile Iron Mountain Northern defeated K. I. Sawyer Air Base in Iron Mountain 5 to 1 to make their move toward representing District in Chippewa Falls in early August. Northern had previously disposed of Iron Mountain Central, last year's district winner.

In Area 2 the free-swinging Ashland team rapped out 22 hits as they eliminated Calumet 5 to 3 and Bessemer 8 to 3. Escanaba moved into the District tournament by beating Munising 3 to 0 and Manistique 10 to 3.

This will be Escanaba's first District tournament, and perhaps the last, Dickson stated. If District alignment remains the same travel distances will prohibit future tournaments, but Escanaba was able to secure the tournament for 1963 as part of its Centennial activities. We hope the city's hospitality will warrant the consideration.

Among the activities for the Little Leaguers is a banquet Friday evening with Bob Jensen, general chairman. The Walt Disney film, "Little League Moolchie" and other entertainment is being lined up. A visit to Saykly's Candy Co., is planned for Saturday morning.

Dizzy Dean Hurt In Car Accident

GULFPORT, Miss. (AP)—Dizzy Dean, former National League pitcher great, suffered a strained back in a traffic accident near here Monday, but still plans to appear in the Old Timers baseball game Saturday at Yankee Stadium in New York.

"I think I will still be able to pitch a couple of innings," said Dean, now a TV sportscaster.

Peaches Bartkowicz Wins First Round In Junior Tourney

LAKE BLUFF, Ill. (AP)—Peaches Bartkowicz, the 14-year-old top seed from Hantramack, Mich., breezed through the first round of the girls' 16-and-under National Tennis Championships and faces Barbara Rollins of Springfield, Ohio, today.

Miss Bartkowicz led seven other seeded players through Monday's first round when she downed Mary Ann Poiset, El Cajon, Calif., 6-4, 6-0.

Gal's Pari-Mutuel Set For Wednesday

Following is a list of the fights and times for the Women's Pari-Mutuel for the Escanaba Country Club and the Highland Club. The matches are for Wednesday.

LaCrosse, B. Gauthier, S. Wickner, P. Muncy, 13th Flight - 1:59 - N. Traverser, D. Costley, C. Harris, M. Oslund

Fight Results

By The Associated Press. LAS VEGAS, Nev.—Sonny Liston, 215 1/2, St. Louis, knocked out Floyd Patterson, 194 1/2, heavyweight title.

SYDNEY, Australia — Johnny Torres, 153, Paterson, N.J., outpointed George Carroll, 155, Sydney, 12.

TORONTO—Colin Fraser, 140, Toronto, outpointed Charley Kene, 132, Syracuse, N.Y., 6.

MONTREAL — Joey Durelle, 160, Rivieres, Que., stopped Clement Sarrazin, Montreal, 4, Welterweights.

Tresh Returns To Lineup; Yanks Stretch Lead To 7

By JOE REICHLER

Associated Press Sports Writer. As Los Angeles leadoff batter Albie Pearson stepped into the batter's box to face New York right-hander Ralph Terry Monday night, the Yankee Stadium message board flashed:

"Fresh back tonight, Mantle, Maris back soon."

Manager Bill Rigney of the Angels looked up from the steps of the visiting dugout and snorted:

"Yeah, they're really missed 'em. Like a sixth finger."

Incredible is the best way to describe the Yankees' performance with Mickey Mantle and Roger Maris, their two biggest guns, on the sidelines. With baseball's best outfield—the M and M boys and Tom Tresh—totally incapacitated, the Yankees pulled away to a seven-game lead to make a runaway of the American League pennant race.

Baseball's nearest thing to a monopoly widened its first-place margin to 7 1/2 games over second-place Chicago with an 8-4 triumph over the Angels in the only big league game played Monday.

Ralph Terry was tagged for a dozen hits but managed to hold the Angels at bay in all but two innings and was rewarded with his 10th victory to equal his season's losses.

Tresh, back in action after missing several games because of a neck injury, celebrated with a home run and single in three official times at bat, driving in the first three Yankee runs.

It was the Yankees' fourth straight victory since they returned to Yankee Stadium Saturday. They have a fantastic home record of 32 victories against nine defeats. On the road they've won 27 and lost 25.

Considering the Yankees have

Charles "Sonny" Liston looked just as unmarked after retaining his heavyweight crown last night as he did in the weigh-ins prior to the fight yesterday. The same can't be said for Floyd Patterson, left, who went to the canvas three times, stood around while the referee counted to the mandatory eight count twice, and absorbed a couple of dozen of Liston's devastating punches all in a matter of 2:10 of one round.

Mead No.1 Champs; NL Decided Tonight

In Escanaba city league softball tournament play last night, the American League Champions, Mead No. 1, trimmed the Merchants 9-2, and the National League Championship was not determined.

Bero Motors clipped Hall Ins. 5-4, putting both teams in the loser's bracket. Bero Motors and Hall Insurance will clash again tonight at 6:45 for the championship.

In the Mead-Merchants game, the Merchants grabbed an early lead, getting two runs in the first inning. However Tod Butler tightened up on the Merchant batters and allowed only three hits for the entire game. He struck out nine.

Mead grabbed one run in the first, and went ahead to stay in the first, picking up three insurance runs. They added to the tally with two in the fifth and three more in the sixth.

The big hitters for Mead were Bunny Martin with four for four, three singles and a double; Tod Butler with two singles, and Bill Lancour with a double which came with the bases loaded. Bob Corriveau, the Merchant chucker, gave up 11 hits and fanned four Mead batters.

In the Bero Motors-Hall Insurance game, it turned out to be a comedy of errors and walks for Bero, but they were still laughing when the final results were in and they had won the game. Bitter gave up 15 walks, but allowed only two hits. Dwayne Hamelin and Carl Eastman shared the pitching duties for the Hall Insurance team walking two and giving up six hits.

In the sixth inning, Hall Insur-

ance went ahead 4-3 on a walk, a fielder's choice and two singles. Bero tied it in the bottom of the sixth with three walks and a sacrifice fly by Bittner. The winning run came in during the eighth inning when Bittner got on first on an error, went to second on a walk, third on a wild pitch, and scored the winning run on a sacrifice fly clouted by Larry Bero.

Games Tonight

6:45—Bero Motors-Hall Insurance. (For the championship) 8:30—Skinny's Bar-Flat Rock (Regular League action)

Mead Paper Downs Insurance Assn. 5-4 In Babe Ruth Play

Mead Paper Co. defeated Insurance Assn. 5-4 in Babe Ruth action last night, behind the three-hit pitching of Butch Labay. He issued seven walks and had ten strikeouts in going the distance. Labay had two singles, Dick Christensen had two singles and Ed Gauthier collected three singles. Eugene Fregotto and Jim Boyle each banged out a double to help the cause.

Jerry Wiles was on the hill for Insurance. He allowed nine hits, gave up four walks and fanned five batters. Dennis Weber had a double for Insurance.

Tonight At 6 P. M.

The Elks play the Bankers.

Township League

The Soo Hill League All Stars will play an exhibition game against the Cadet League All Stars on Wednesday at 1:00 p.m. at the Culvert Diamond.

In recent Junior League play the Cubs tripped up the Pirates on the strength of a grand slam homer by Dennis Madalinski, as they won the game 9-6.

Batting in the last inning and trailing 3-3, the Pirates upset the second place White Sox when Tom Kozar of the Pirates unloaded the bases with a grand slammer.

Liston Annihilates Floyd Patterson In 2:10 Of The 1st

LAS VEGAS, Nev. (AP) — Sonny The Big Bear Liston annihilated Floyd Patterson for the second time in one explosive round Monday night and cleared the way for a big money title fight with gabby Cassius Clay in September.

This giant of a man, at 215 1/2 pounds 21 pounds heavier than the ex-champion, bombed Patterson to the deck three times enroute to the knockout in 2 minutes, 10 seconds.

Sonny, 30, missed the course record over Floyd, 28, by four seconds—2 minutes, 6 seconds at Chicago last September.

To the surprise of many, Patterson announced after the fight that he will not retire, that he wants to fight himself back into the title picture—and meet Liston a third time.

A crowd of 7,816 paid \$286,180 to see the fast finish in the Convention Center, plus a nationwide audience viewing it through closed circuit.

Liston got the boos when he entered the ring, Patterson the cheers as the sympathetic underdog. Which prompted Sonny in his post fight remarks to say: "The public is not with me, I know, but they'll have to swing along until somebody comes to beat me."

Floyd said: "Yes, I feel that I disgraced myself. But I think I can do better and I hope to fight my way back and prove it."

Liston, pacing a step back and a step forward—even paced his way through the Star-Spangled Banner—was a picture of pent-up fury just before the bell.

The end was soon in sight. Sonny landed a straight jab, Patterson a mild left and then Floyd connected with the first of the only two good punches he landed, a left to the jaw.

Completely undisturbed, Sonny closed with a flurry to the head and body and Patterson was dumped to the canvas. He staggered up at the count of two but took the mandatory 8-count.

There was a short clinch and Patterson brought a cheer from his supporters when he hit Sonny with a right to the jaw.

Sonny didn't blink an eye, and presently Floyd was down again. He was up at four, again getting the benefit of the 8-count.

Then came the finish as Sonny closed in with punches again to the body, and a right and a left hook to the chin.

Floyd was flipped over flat on his back. He rolled over and struggled to one knee at eight. Referee Harry Krause continued the final two counts and the thing was over.

Liston's manager, Jack Nilon, and the Clay group of managers from Louisville, have been negotiating for a fight. A date of Sept. 30 at Philadelphia has been pinpointed for what doubtless will be a tremendous money attraction.

Liston has now won 23 straight fights and scored 25 knockouts in his 36 bouts. His only loss was back in 1954 in an eight-rounder when he lost a decision, and got a broken jaw, from an obscure man named Marty Marshall of Detroit.

Farm League

A schedule change has been made for the Lions who will play the Collegians at 3 p.m. at Royce Park on Wednesday. All members are asked to meet at the home of Earl Dumas at 2 p.m.

"How'd it go?"

"Not a speck of trouble!"

When your livelihood depends on your car...you don't take chances. That's why it pays to use Filtered AMERICAN, Brand Gasolines. For the American FINAL/FILTER is the final step to assure you that both AMERICAN Gasolines are free of contaminants that seldom used to be a problem—but could stop your car cold today. Filtered Gasolines with M-PG—available only at Standard or American Oil Dealers—one more reason why millions can say "not a speck of trouble!"

You expect more from Standard and you get it!

THE AMERICAN FINAL/FILTER

...and only Standard Oil Dealers have it!

always be held in grateful remembrance.
